TECEvelvet flush plates

**TOUCH
OF
MAGIC**

Robust, hygienic and easy to clean –
with an incomparably soft feel. The
secret is in the material.

Gentle. Warm. Matt.

This toilet flush plate offers a touching design.

HIGH-TECH – SOFT FEELING

The surface of TECEvelvet appears as irregular as a hilly landscape under the microscope. This unique structure diffuses the light rather than reflecting it and gives TECEvelvet its extremely opaque appearance. A new generation of acrylic resins forms a closed surface preventing the penetration of dust and water. An ideal material for the wet room.

Low light reflection,
extremely matt
surface

Soft feel

Protection against
fingerprints

FENIX NTM[®] – MADE FOR DESIGN

Soft, opaque, indestructible. A material made for giving shape to ideas.

Technology that inspires

With its special optical and functional properties FENIX NTM® is a material that inspires interior architects, designers and project planners alike: the innovative, multi-award-winning surface from the Italian material manufacturer Arpa Industriale can be found in office and shop fitting, in exclusive kitchen designs, in furniture construction and in the creation of an exclusive bathroom ambience.

Crossing borders

Matt, velvety surfaces and subtle colours achieve comfortably reduced living concepts even in wet rooms. Flush-mounted, the flush plate merges with the wall cladding of the same material.

COLLECTION OVERVIEW

TECE velvet toilet flush plates are available in six internationally inspired shades.

Bianco Kos / White

Matt off-white from the rocks of the Aegean island.

Item no. 9240735

Beige Arizona / Greige

Sandy, soft. Like the vastness of the American desert state.

Item no. 9240733

Castoro Ottawa / Beige-brown

Light, muted brown. Not just for latte macchiato lovers.

Item no. 9240730

Grigio Londra / Anthracite

Grey and trendy. Like the streets of the English capital.

Item no. 9240731

Grigio Efeso / Stone grey

The dust of history.

Inspired by the temples of the ancient city on the Ionian coast.

Item no. 9240734

Nero Ingo / Black

Deep, reflection-free black.

For ultimate opaque room visions.

Item no. 9240732

Awarded the Compasso d'Oro:
MAYDAY lamp for Flos (2001).

“To design things that are essential and part of our daily routine in such a way that the unconscious is not disturbed: this made designing TECEvelvet particularly attractive.”

DESIGNED TO BE TOUCHED

His name is high on the list of Who's Who of international design. With TECEvelvet, Konstantin Grcic has now also brought fresh thinking to toilet flush plates.

Multiple awards:
the Magis Chair_ONE series from 2004.
Here with a cement base.

Versatile

The powdery finish of the light colours is particularly evident in the interplay with fresh pastel.

URINAL SOLUTIONS

In semi-public environments, the TECEfilo sensor-controlled urinal flush actuator complements the FENIX NTM® surface portfolio.

9242025 **230 V mains**

Harmonious

Conventionally installed, TECEvelvet builds up a maximum of five millimetres in front of the wall. With flush-mounted assembly, only an additional circumferential gap separates it optically from its surroundings. Particularly effective when installed in a wall cladding of the same colour and material with FENIX NTM®.

Special installation frames are available for flush-mounted installation of TECEvelvet toilet flush plates and TECEfilo-Velvet urinal flush plates.

Colour	Toilet flush plate Item no.	Urinal flush plate Item no.
Bright metal	9240644	—
White	9240646	9242041
Black	9240647	9242042
Gold plated	9240648	—
Bright chrome	9240649	9242040

SYSTEM ADVANTAGE

TECE flushing technology makes it easy to keep up with the times when choosing the flush plate.

TECEloop

TECESquare

TECEvelvet

TECESolid

TECEnow

Change without limits

All TECE flush plates are compatible with the universal cistern from TECE. For renovation and modernisation work, they can be interchanged regardless of series and year. Even after decades. Planning and design in a modular system –made by TECE.

GET TO KNOW US BETTER

TECE supports builders, planners and architects in implementing their construction projects.

Visit www.tece.com/en, where you can find detailed information about the company, products and services.

Design Catalogue

From shower channels and room thermostats to toilet terminals: the design catalogue introduces the world of attractive TECE products in front of the wall.

Design & Creation

Freedom of design. The topics of space and architecture, individuality and design and function and technology are aimed primarily at architects and bathroom designers.

Project & Planning

Reliability in terms of time, legal aspects and economic efficiency. This brochure is intended for planners, architects and investors.
