About Us 39

THANK YOU!

For showing interest in our mosaics and glancing through our catalogue. We love to show you our collections, which we put together with the utmost care.

We stay on top of trends and pay lots of attention to shape, colour, and material. We aim for long-term relationships, so we contribute to your success. We believe that when working together, we can make projects more beautiful and distinctive – that is why our motto is 'Let's make something beautiful'!

The Mosaic Factory is a registered brand of UCI Union Ceramics, specialist in the production, logistics, and design of mosaics for over 25 years. The head office, showroom, and European warehouse of UCI are in Nistelrode, the Netherlands. In addition, UCI has a Quality and Sourcing office in Singapore. The collections are produced according to our specifications and sold all over the world.

HIGHLIGHTS

We recently added and will soon be adding new mosaics that deserve some extra attention. Some of them you might already have seen, but others are completely new. If you would like to receive samples of these mosaics, please contact us!

Paris Picket

Hexagon as we have never seen it before! The Paris Picket series play around with the familiar form of hexagon mosaics, ensuring a striking look. The Picket mosaics are available in four colours: blue, white, pink and green grey. Fun detail: these mosaics can be placed both vertically and horizontally!

Sevilla Kitkat Mini

About a year ago we added the handsome little brother of the kitkat mosaics to our Sevilla collection: the kitkat mini! They might have already caught your eye, but we felt they deserved to be in the spotlight a little more. The kitkat minis are available in eight vibrant colours, some of them with speckle.

Barcelona Metal

There has been a run on the Metal mosaics ever since we introduced them to the Barcelona collection. So far only three types of metallic coated mosaics are available, but we will soon be adding new ones to our range: matt gold hexagon and matt silver squared mosaics.

Sevilla Oval Fingers

We are very happy to announce the Sevilla collection will be extended with a completely new series: the oval fingers! These mosaics will be available in the same colours as the kitkat minis and have an oval shape, which differs from all shapes we already offer. See more of these fingers? Ask us for samples!

Amsterdam 20x20 Basic Quartz Glass

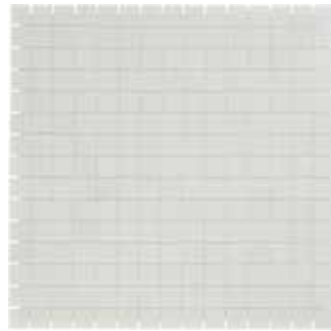

Discover our glass mosaics – The Amsterdam collection

Glass mosaics never get out of style. Their look, however, has evolved over time. That is why we offer glass mosaics as we have known them for years, but also more exclusive ones. Think of glass mosaics with veins of real gold or a pearl finish. Which series caught your eye?

SPOTLIGHT

Hotel chic – Bespoke design with TMF® Amsterdam mosaics! We are lucky to participate in projects all over the world. Those projects include private houses, but also restaurants, bars, and hotels, for which we often provide customized patterns of mosaics. Over the years we have supplied lots of these bespoke designs, but the one we did for a hotel in Amsterdam remains a personal favourite.

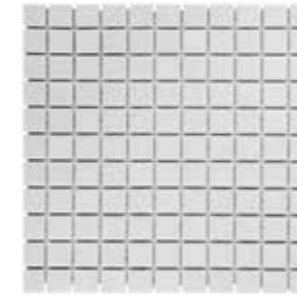

The Amsterdam collection offers an extended range of glass mosaics, which we can mix and match into all kinds of customized patterns. That is what we did for this hotel in Amsterdam. We used glass mosaics because of their look and their ability to cover curved surfaces, as is the case above the mirrors. Speaking of a hotel chic interior design, we took the concept quite literally here!

PROJECTS

Tiles for all styles – customized patterns with TMF® London mosaics!

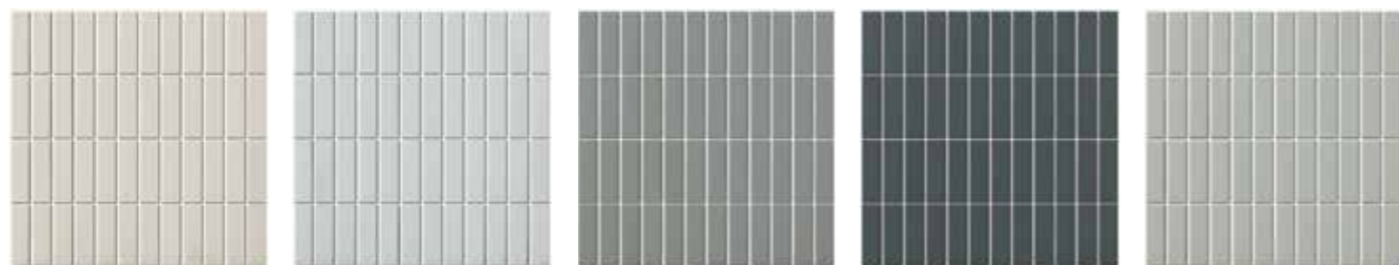

Those looking for floor inspiration can get their share with all the customized floors we provided over the past years. The London collection includes different types of mosaics, all suitable for use on (high traffic) floors. We allow architects to mix these mosaics into bespoke patterns, in which we can even include a company's logo. Caught your attention? Learn more about some of our favourite projects below!

FOR EVERY PROJECT – THE LONDON COLLECTION

Extraordinary designs are made with our London collection. These unglazed porcelain mosaics are frost resistant and have a nonslip rating (R11/C). They are therefore particularly suitable for outdoor use and high traffic floors. The London collection includes various shapes, like squared, hexagon, and penny round mosaics.

In search of something exceptional for your project? Design your own pattern with these mosaics!

Featured METAL SERIES

METALLIC COATED MOSAICS

If you fancy a hotel chic interior style, you will most likely fall in love with our Metal series! Ever since we added these metallic coated mosaics to our range, they have been a hit.

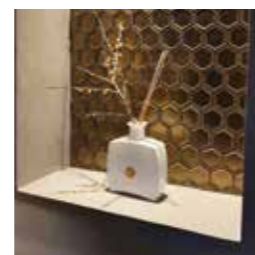

Tip: applying these mosaics in a niche gives a subtle yet eye-catching touch to the room!

Loved by architects and designers all over the world, we received photos of these high-end mosaics in all kinds of interior designs. One thing is sure, they add a touch of luxury to any room.

We love the metallic coating of these mosaics. It is, however, quite vulnerable, and prone to scratches. We therefore advise cleaning these mosaics with natural products only, like green soap. Be careful to avoid aggressive products.

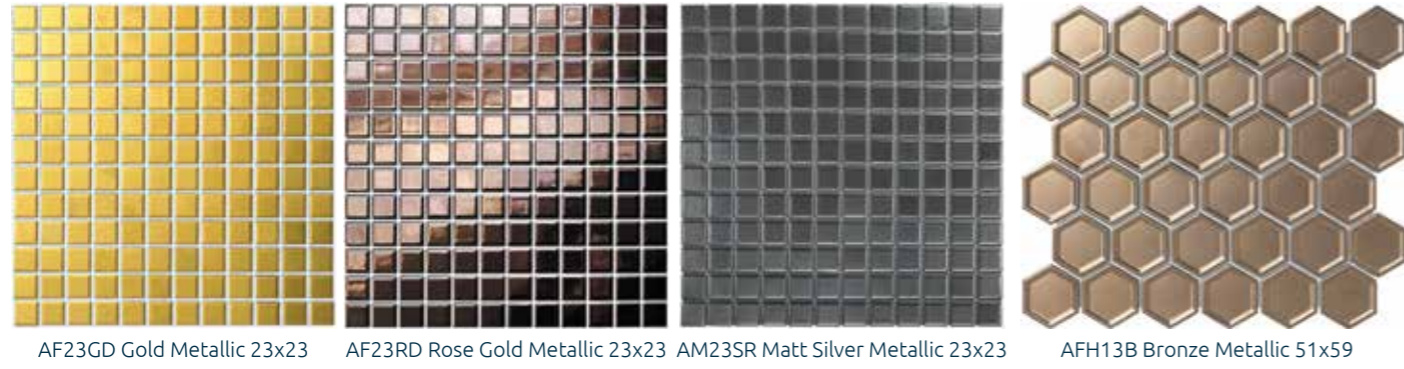

So far, the Metal series includes three types of mosaics, but we plan to add more. Think of platinum gold and matt silver tiles, in addition to bronze, rose gold and gold. We are not saying we have any favourites, but the thicker edge on the bronze hexagon does add an extra dimension to the mosaics, almost like a honeycomb.

The metallic coating of these mosaics does not withstand acids. We therefore advise against applying these mosaics in areas where they must be cleaned regularly with aggressive products. Think of wet areas, like showers, or as backsplash.

SEVILLA

MOSAIC FINGERS

Although we are not about showing favouritism, we do have a weak spot for our Sevilla collection. This collection includes various types of so-called mosaic fingers. They have been extremely popular ever since we introduced them, and we can certainly understand why.

Image by Projectinrichting Lavoir en Josegrafie

W

e started our Sevilla collection with the kitkat mosaics. These mosaics got their nickname because of their shape, which resembles the shape of the well-known chocolate bar. Some time later we added their handsome little brother, the kitkat mini. Only recently we extended the collection with the oval fingers, a fine addition.

Some of the fingers have a speckle inside, which deepens the already vibrant colour of these

mosaics. Looking for a more minimalistic tile? You might fall in love with the completely black or white fingers, which are both available in a matt and glossy finish.

The Sevilla mosaics are very suitable as wall tile and can be placed both horizontally and vertically. When placed vertically, these mosaics are perfect to tile curved surfaces with. Think of kitchen islands, bars, and even pillars. We advise you to pay extra attention to the colour of the grout, because it can change the complete look of the mosaic fingers!

Image by Sawiday

SEVILLA KIT-KAT FINGERS GLOSSY & MATT GLAZED PORCELAIN 20X145

FINGER-LICKING GOOD – THE SEVILLA COLLECTION

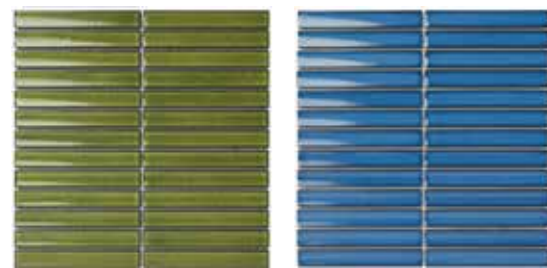

Undoubtedly one of our favourites! So far, the Sevilla collection includes three types of mosaic fingers. We started with the kitkat and later added their little brothers, the minis. Recently we extended the collection with the oval fingers. Some of the Sevilla mosaics have a speckle inside, which deepens their already vibrant colour!

SUSTAINABLE DESIGN – THE VALENCIA COLLECTION

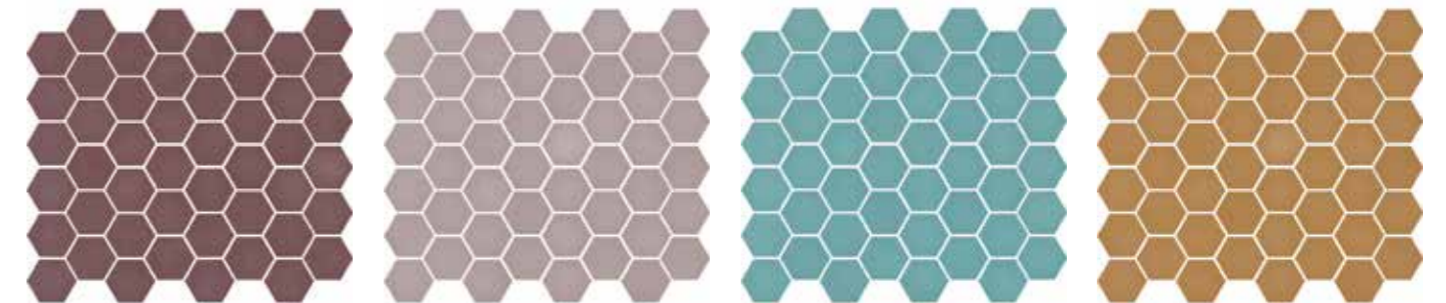

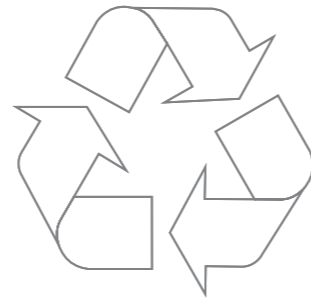

Sustainability at its finest! The Valencia collection includes mosaics made from recycled window glass. Go all out with one of the bright mixes or keep things more minimal with the matt mosaics. Can't wait to apply these in your project? Be aware the mosaics should be processed using a diamond cooled saw only.

VAL008 Pink VAL012 Burgundy VAL035 Mustard VAL100 White

VAL12M Burgundy VAL18M Pink VAL25M Turquoise VAL35M Mustard

VAL65M Blue VAL82M Khaki

THE
MOSAIC
FACTORY

Take care when processing these mosaics. They are quite fragile, so we recommend using a water-cooled diamond saw only. Cutting may cause these mosaics to break and should be avoided.

TIPS & TRICKS VALENCIA

Play around with grout! The joint appears smaller with grout in a similar colour as the tiles, ensuring a smooth look. Contrasting grout makes the joint appear larger, allowing the mosaics to stand out.

Ordered the mixed mosaics? Experiment with different lighting! With the right lighting these mosaics ensure a sparkly effect, which adds to their striking look.

The matt mosaics of this collection are suitable as wall and floor tile of barefoot areas. The mix of matt and glossy mosaics can only be applied on walls.

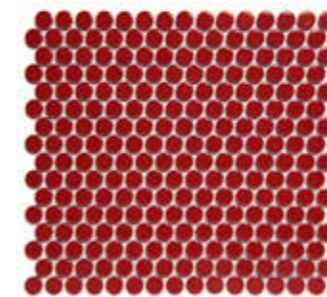

Has your order arrived? We advise you to check the mosaics on hair cracks before working with them. These cracks can cause the mosaics to break after being processed.

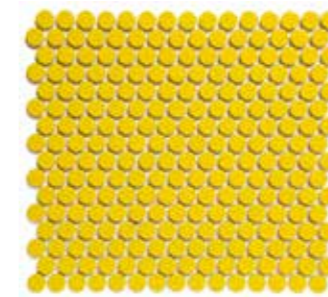

Venice Pennyround Glossy & Matt Glazed Porcelain 19Ø

ALL (A)ROUND – THE VENICE COLLECTION

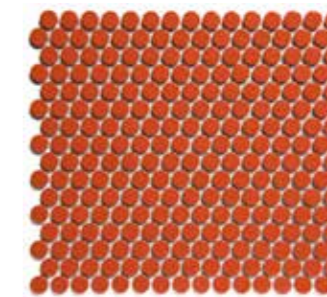

Playful penny round. The Venice mosaics are a fun alternative to more common mosaic shapes. The collection includes all kinds of colours, ranging from bright red to pastel green. Tip: experiment with grout to create the most striking designs with the Venice mosaics!

Featured PARIS PICKET

HEXAGON AS WE HAVE NEVER SEEN IT BEFORE!

Image by Sawiday

The hexagon trend is here to stay. Hexagon mosaics have been popular for quite some time now but remain loved by customers all over the world. We like to follow those interior trends, but also aim to put our own stamp to them. We therefore added the Picket series to our range: hexagon mosaics, but different.

Tip: If you'd like to cover your bathroom or kitchen back wall with these mosaics, apply an epoxy grout to protect the joints from getting dirty!

The Picket series are part of our Paris collection. Since contemporary and striking shapes characterise this collection, the playful hexagon mosaics of the Picket series fit in perfectly. The mosaics are available in four colours: pink, green-grey, blue, and white. All mosaics have a glossy finish, which is very maintenance friendly.

The Picket mosaics are very suitable as wall tile. In bathrooms, hallways, or as kitchen backsplash, for example. A remarkable detail is that these mosaics can be applied horizontally as well as vertically, with both ways ensuring a completely different look!

T:MF®

IN GOOD SHAPE – THE PARIS COLLECTION!

Rich in shape, plain in colour. The Paris collection includes mosaics in contemporary and distinctive shapes. For example, pinwheel, cubic and octagon mosaics are found in this collection. In terms of colour the Paris collection is a lot simpler, except for the Metro and Picket series.

POINT OF SALE MATERIAL

We believe that when working together, we can create the most beautiful and distinctive designs with mosaics. We therefore aim to help our clients in any way we can. By showing flexibility regarding our clients' wishes, for example, but also by providing the right POS material.

For retailers we provide various displays of our mosaics. Pillars with our complete collection and boxes with our mosaics, for example, both filled with sample cards visitors can use to create mood boards in the showroom.

Architects and designers can request free samples of all our mosaics, to create mood boards or show to their customers. We also offer various sample wallets, with an overview of each collection per wallet.

Interested in our POS material? Please contact us!

About us

LET'S MAKE SOMETHING BEAUTIFUL

For over 25 years UCI Union Ceramics International B.V. has been a specialist in the production and distribution of glass- and ceramic mosaic products.

The collections we offer are produced according to our specifications and high standards.

Under the registered brand name TMF® (The Mosaic Factory) our collection is sold in over 30 countries worldwide.

UCI has its head office, showroom and European warehouse in Nistelrode, the Netherlands and a Quality and Sourcing office in Singapore.

Mission: Making projects more beautiful and distinctive with affordable high quality mosaics.

Vision: We want to make our customers successful by following the market trends and offer them the right assortment in shape, colour and materials. UCI delivers exclusively through selected dealers.
