

## ELM 210

The glossy white Elm shower tray cannot directly be placed on the floor. Because of the thick bottom plate the shower tray is not completely supported and flush with the floor. The legs and a panel are included with the shower tray. The quarter round version is available in 90 centimeters.

## DA19005

Weight: 16kg

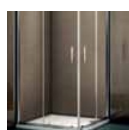

The showertray includes a legset and a panel.  
The necessary drain/siphon is separate available for purchase.
